U.S. AFRICA COMMAND

COMBINED JOINT TASK FORCE — HORN OF AFRICA PROJECTS

Mission:

Combined Joint Task Force – Horn of Africa (CJTF-HOA) conducts operations in its 14-country Combined Joint Operating Area to build partner-nation capacity in order to promote regional stability, prevent conflict, and protect US and coalition interests.

Means:

Through an indirect approach, and with a focus on countering violent extremism, CJTF-HOA operations build and call upon enduring partnerships and security capacities to prevent conflict. We conduct civil-military operations, military-to-military engagements, key leader engagements, strategic communications, functional engagements, and encourage coalition integration in carrying out our mission.
